30+ YEARS EXPERIENCE

USBP

U.S. BULLET PROOFING

United States Bullet Proofing, (USBP) manufactures the most advanced high security aluminum solutions available for bullet and/or blast, storm impact and forced entry protection.

Our job is ***Protecting People and Property®***, and we take that responsibility very seriously—as evident in the pride, attention to detail and engineering that goes into producing the high-caliber quality products that we manufacture. Our products are used by the highest levels of government and private entities around the world, garnering **USBP** notoriety as an industry leader.

Demand the very best, especially when your life or the lives of others depend on it. ***We look forward to helping you with your next security project.***

WHY USBP

CUSTOMER-FOCUSED

Customers are our #1 priority and we are committed to delivering a best-in-class customer service experience to ensure your project is smooth from beginning to end.

QUALITY

A great deal of engineering goes into our products to provide the optimal levels of protection, long-lasting durability, an aesthetically-pleasing appearance and fully tested solutions to satisfy all of today's modern architectural design standards.

CUSTOM CAPABILITIES

We are well-renowned for our ability to provide tailor-built solutions that make your project vision a reality.

INNOVATION

We are renowned for our innovative solutions that enhance the protection, functionality, quality, energy efficiency, durability and ease of installation for our customers.

PRODUCT GUARANTEE

We stand behind all of our products and offer a **1-year limited warranty** ensuring you the peace of mind that your product will be free from any issues or manufacturing defects.

HIGH SECURITY ACCESSORIES

VOICE COMMUNICATIONS

USST

NATURAL VOICE COMMUNICATION DEVICE

- UL 752 Level 1-3 Ballistic Protection
- Stainless steel, evenly spaced, concentric louvers

NEW!

WINDOW MOUNTED UL 752 LEVEL 8 AMPLIFIED COMMUNICATION DEVICE

- UL 752 Levels 1-8 Ballistic Protection
- Provides amplified clear voice communications with high-level protection from high power rifles
- Includes a microphone and speaker for both window mount and counter for staff positions

UST 3

ELECTRONIC COUNTERTOP COMMUNICATION DEVICE

- Through countertop wiring eliminates hole in protective glazing
- Ballistic rating not required since not part of ballistic protection system
